

DISCUSSION

Regional Aspects of European Energy Transition

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 691739.

Some topics to be discussed...

- Baltic countries in European decarbonisation paths: leading, following, ignoring?

Some topics to be discussed...

- Baltic countries in European decarbonisation paths: leading, following, ignoring?
- The transformations in Lithuanian district heating: lessons to learn and not to learn.

Some topics to be discussed...

- Baltic countries in European decarbonisation paths: leading, following, ignoring?
- The transformations in Lithuanian district heating: lessons to learn and not to learn.
- Energy security – what measures still need to be implemented?

Some topics to be discussed...

- Baltic countries in European decarbonisation paths: leading, following, ignoring?
- The transformations in Lithuanian district heating: lessons to learn and not to learn.
- Energy security – what measures still need to be implemented?
- Social justice vs carbon reduction. What should be the main priority?
