

Dear colleagues,

In the framework of the [H2020 REEEM project](#), we are delighted to invite you to our third **REEEM Technology and Innovation Roadmap Workshop on Energy Efficiency in Buildings**.

Energy efficiency is at the **top of the EU priorities for the Energy Union**, as stated in the Clean Energy Package for all Europeans as “Energy Efficiency First”. Therefore, the objective of the REEEM roadmap is to explore Innovative methods and technologies that enable reaching EU energy efficiency targets for 2030. It further explores the road toward the full renovation of building stocks by 2050. Several recommendations and actions are provided in accordance.

During this workshop, the roadmap’s and its preliminary findings will be presented in the morning session, you will be invited to identify innovative technology and policy scenarios that could support Europe toward its full decarbonization of building stocks by 2050, during the roundtable session.

The workshop will take place on the **19th of March**, at the **EIT InnoEnergy premises**, Rue Guimard 7, 4th floor, 1040 Brussels.

Please find in attachment information regarding the preliminary agenda.

We look forward to an animated and fruitful meeting.

Best regards,

Anna Darmani & Louise Coffineau

REEEM Innovation and Technology Roadmap Workshop on Energy Efficiency in Buildings

When: Tuesday, the 19th of March (10 am to 3.45 pm)

Where: EIT-House, 4th floor, 7 rue Guimard, 1040 Brussels

Objective: Gather external experts' inputs in order to consolidate the first version of the REEEM Innovation and Technology roadmap on Energy Efficiency in Buildings*.

10.00-10.30	Welcome Coffee	
10.30-10.45	Presentation of REEEM and objectives of workshop	Louise Coffineau, EU Contract & Policy Officer, InnoEnergy
10.45-11.15	Regulatory and policy aspects of EE in Buildings	Hélène Sibileau, Senior EU Affairs Manager, EuroACE
11.15-11.45	Energy Efficiency at InnoEnergy: how technologies are shaping the buildings' energy efficiency market in Europe?	Ram Ramachandra, Technology Officer, InnoEnergy
11.45-12.15	Start-up presentations	
12.15-12.30	Q&A Session	
12.30-13:30	Lunch	
13.30-14.00	Highlights of EE roadmap	Anna Darmani, Energy System Analyst, InnoEnergy
14.00-15.30	Roundtables	All participants
15.30-15.45	Wrap-up and Final remarks	

*The Roadmap will be sent 10 days in advance to the participants.
